MANAGEMENT DISCUSSION AND ANALYSIS REPORT**World Economic Overview:**

Increasing substitution for natural rubber, wood, metals, glass, and concrete by plastic is expected to drive the growth of the plastic compounding industry over the coming period. The demand for plastic is rising due to its use in various industrial applications on account of its ability to form desired shapes and easy molding. Plastic fittings are considered to be very easy to install as compared to metal or wood fittings. These fittings are available in a wide range of color combinations, which adds to their aesthetic appeal.

Moreover, plastic fittings can be sealed very tightly, thus creating a barrier to external unwanted factors like dust or water. The properties of plastic compounds can drive its market growth in the coming years. Plastic compounding involves an elaborate process with various stages such as determining additives ratio, high-speed mixing via twin screw extruders, melt mixing, and cooling, before final pellet cutting and packaging.

Indian Economic Overview:

Indian plastic industry market is one of the leading sectors in the country's economy. The history of the plastic industry in India dates to 1957 with the production of polystyrene. Since then, the industry has made substantial progress and has grown rapidly. The industry is present across the country and has more than 2,000 exporters. It employs more than 4 million people in the country and constitutes 30,000 processing units; among these, 85-90% belongs to small and medium enterprises. India manufactures various products such as plastics and linoleum, houseware products, cordage, fishnets, floorcoverings, medical items, packaging items, plastic films, pipes, raw material, etc. The country majorly exports plastic raw materials, films, sheets, woven sacks, fabrics, and tarpaulin. The Government of India intends to take the plastic industry from a current level of Rs. 3 lakh crore (US\$ 37.8 billion) of economic activity to Rs. 10 lakh crore (US\$ 126 billion) in four-five years.

Industry Overview:

Plastic compounding is a specialized method that comprises the blending of additives, fillers, and reinforcing materials with base polymers to create plastic compounds with enhanced properties. It has the ability to improve strength, impact resistance, flame retardancy, and chemical resistance. It benefits in optimizing the performance, durability, and aesthetic appeal of plastic materials. As a result, plastic compounding is widely utilized in the automotive, construction, aerospace, medical, electronics, and packaging industries around the world. At present, the increasing demand for lightweight materials in the automotive industry that aids in enhancing fuel efficiency and reducing carbon emissions represents one of the key factors impelling the market growth. Apart from this, the rising focus on utilizing sustainable and environmentally friendly products that are developed through bio-based and recycled plastic compounds is bolstering the growth of the market. Moreover, the increasing utilization of plastic compounding in the aerospace industry for producing air ducts, cabin partitions, overhead luggage bins, avionics sensor plates, and ventilation impeller blades is contributing to the growth of the market.

However, at present the Company does not have any revenue from operation and that the revenue mainly comprises of other income.

Both domestic production and vehicle sales have increased due to economic expansion in lower-income and emerging nations. Plastic usage in transportation components is expected to increase significantly over the projected timeframe due to rising sales of personal and commercial vehicles. These developments are anticipated to drive the demand for plastic compounding in the coming days.

Luxury items, consumer electrical and electronic equipment, automobile parts, aircraft and construction are some of the end-user industries predicted to boost plastic compounding market trends significantly. Consumption of thermoplastics is anticipated to grow rapidly because of their general application requirements that may be instrumental in propelling the market growth for plastic compounding.

Opportunity and Threats:**Opportunity:**

- The use of plastic made products has gained considerable response from the customers. In number of items of Retail and Industrial consumption, it is found that the use of plastic made products has replaced many other products as the best substitute products. The increase in the use of plastic products will open new areas for the plastic Industries.
- Polymers are the foundation of plastic and are used in a wide variety of applications, including packaging, automotive, construction, electronics, medical etc.
- Plastics exhibit a number of useful characteristics ideal for wire insulation, including ductility, electrical resistance, UV resistance, and fire resistance and therefore find use in cable and wire industry.
- Plastics used in Automotive Industries are required to be lightweight, so as to reduce fuel consumption.

- Government of India has launched many initiatives like Make in India, Atmanirbhar Bharat Abhiyaan for making the country and its citizens independent and self-reliant in all senses. This will have a positive effect on the growth of many industries.

Threat:

- One of the major factors that are expected to restrain the growth of the plastic compounding market is the fluctuating raw material prices. Therefore, this is expected to hinder the growth of the plastics compounding market.
- There has been the imposition of various stringent regulations on the use of plastic with rising environmental concerns related to the toxicity issues, and this will pose a major challenge to the growth of the global plastic compounding market.
- Possible restraints for the plastic compounding market include increasing concerns about environment pollution and the need for sustainable solutions. Stringent regulations on single-use plastics, recycling challenges, and a shift towards biodegradable alternatives may limit the growth of traditional plastic compounds.
- The fluctuating raw material prices and supply chain disruptions could impact the industry's profitability. The rise of alternative materials like bio-based polymers and the growing preference for recycled plastics might pose a competitive challenge. Furthermore, global economic uncertainties and geopolitical factors could influence investment decisions and hinder market expansion for plastic compounding.

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Act in the manner so required and give a true and fair view in conformity with the accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March, 2023, and loss, changes in equity and its cash flows for the year ended on that date.

Basis for Opinion

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India together with the ethical requirements that are relevant to our audit of the financial statements under the provisions of the Companies Act, 2013 and the Rules thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

In our opinion and according to the information and explanations given to us, we have determined that there are no key audit matters to communicate in our report.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Companies Act, 2013 ("the Act") with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, changes in equity and cash flows of the Company in accordance with the accounting principles generally accepted in India, including the accounting Standards specified under section 133 of the Act. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

Those Board of Directors are also responsible for overseeing the Company's financial reporting process

Auditor's Responsibility for the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgement and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under Section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls with reference to financial statements in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone Ind AS financial statements for the financial year ended March 31, 2023 and are therefore the key audit matters. We describe these matters in our auditor's

report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls with reference to financial statements of M/S KKALPANA PLASTICK LIMITED (“the Company”) as of March 31, 2023 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on “the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India”. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgement, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls Over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that:

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls Over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2023, based on, "the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India".

j. Earning Per Share

Basic earnings per share is calculated by dividing the net profit or loss for the period attributable to equity shareholders by the weighted average number of equity shares outstanding during the period. Earnings considered in ascertaining the Company's earnings per share is the net profit/(loss) for the period after deducting preference dividends if any and any attributable tax thereto for the period. The weighted average

number of equity shares outstanding during the period and for all periods presented is adjusted for events, such as bonus shares, other than the conversion of potential equity shares that have changed the number of equity shares outstanding, without a corresponding change in resources.

For the purpose of calculating diluted earnings per share, the net profit/(loss) for the period attributable to equity shareholders and the weighted average number of equity shares outstanding during the period is adjusted for the effects of all dilutive potential equity shares.
